64 Touring jacket long

With Airguard® 500D and two layers over all CE marked (EN1621-1 / EN1621-2) shoulder, elbow and back protectors, this double Dynax special complete with 3M Scotchlite and same-coloured double stitching offers the outer shell you need for maximum safety – and the inner lining, too! While Suzuki-branded 210 T Taffeta and a high-grade Z-Liner membrane (100% waterproof and breathable) provide the basics for a comfortable ride, a two-vent front and rear air-control system and the attached Lorica® neck warmer (included only with 990F0-STEX1-Size and 990F0-STEX2-Size) set you up, whatever the weather. For a more individual fit, elbow protectors can be adjusted into one of two positions and stretch material along the inner arm and side promises comfort even on long tours. Team this gem up with Suzuki's touring pants (990F0-STEX4-Size) by means of the long connecting zipper for a perfectly comfortable ride – or use the short zipper to connect other manufacturers' garments.

While the two-vent front air-control system and stretch material across the groin and knees lets you balance out all climates, the special long zipper lets you connect your touring jacket (990F0-STEX1-Size /990F0-STEX2-Size) and your sport jacket (990F0-STEX3-Size) – or jackets from other manufacturers' via the short zipper.
